1. General facts of the criminal complaint

The persons listed above are responsible for all of the criminal offenses listed.

Sequence of events, 1991-2020

In 1991 I suffered paraplegia due to a car accident. My attorney at the time, Christoph Mrziglod & colleagues Lawyers, Kirchplatz 2, 66571 Eppelborn, had made it possible for me to receive a one-off severance payment of 870,000 German marks from the insurance company, with which I could have built a healthy and good future until today.

My aunt Monique Humphrey is married to the Air Force officer, Donald Humphrey, who was stationed in Korea and Holland for many years and then lived at Spangdahlem Air Base and in Beilingen, Auf der Kehr 5. Monique and Donald Humphrey looked after babies from families at Spangdahlem Air Base and all other Air Force stations before and after from 1991-1994 because they had financial problems and Monique Humphrey is predisposed to torturing babies and children with her strict parenting methods. The babies and children were abused by Monique and Donald Humphrey.

The babies and children were tortured for 6 to 7 hours by sitting in baby toilets on sharp plastic for hours and were put in the corner for hours with their heads facing the wall and hands behind their backs, as well as being pulled out of the beds by their arms and with the head banged on the floor while changing diapers. The children and babies cried out in the pain and agony inflicted upon them. Monique and Donald Humphrey also exposed me to abuse as a disabled person in a wheelchair. If I wanted to help the babies, I was also discriminated against and tortured in a wheelchair.

They isolated me from the outside world for many years and locked me up in their house for a long time in order to embezzle my one-off settlement of 870,000 German DM. Monique and Donald Humphrey used my money to book a trip to North Carolina and used my money to buy new cars, jewelry, furniture, dogs every day and to use my money to rebuild their old house.

My lawyer bought me a car so that I could be mobile because of my disability. My lawyer wanted to put my one-off severance payment of 870,000 DM in the bank for 10 years so that I could live on monthly interest of 6,000 DM for 10 years and ten years later I would have all of my money at my disposal again from the bank and could have re-invested it as capital. Monique and Donald Humphrey always wanted money from my lawyer before this payout, even though there was none.

My sister Marion Garcia joined forces with Monique and Donald Humphrey and embezzled my money with Monique, Donald and their children Pascal Kessler-Humphrey and Nicole McKenzie. My sister Marion even took my car away from me, which I had bought with my money from my lawyer for my disability and which was basically needed to be mobile. My sister also supported my aunt Monique in torturing and abusing me and the babies of the parents from AirBase Spangdahlem.

I was even pulled out of the wheelchair by my sister and Monique Humphrey onto the floor and then hit my head with the footrest, the iron bar, so that I suffered a severe head injury and bleeding. The reason for this attack was because I didn't want to give my sister and Monique Humphrey any more money to build a future with my money.

In 2015 I and my former lawyer are also looking for the notary where my aunt Monique and Donald Humphrey will have all of my money notarized when I die. They forged my signature because I have never seen this notary in person, let alone seen or know him personally. Unfortunately, my lawyer Christoph Mrziglod has not been able to locate the notary to this day in order to resolve the fraud of embezzlement, forgery, and stealth, as Monique and Donald Humphrey still have this notarial deception with a forged signature and withhold the name of the notary from me.

When I die, Monique, Pascal, Nicole and Donald Humphrey get all of my inheritance and everything I own. In the meantime I was able to submit a counter-document to a notary, which Monique, Pascal, Nicole and Donald Humphrey and Marion Garcia do not know. I wrote to Donald Humphrey on Facebook on March 27, 2020 and informed him by voice message that he should please inform President Donald Trump and the army that all my company concepts and pioneering studies had been stolen from me in Germany by the Markus Söder clan, wherein world domination is planned to eliminate all humanity.

Donald Humphrey saw this as an opportunity to get a lot of money again and kill me. Donald Humphrey blocked me on Facebook and got involved in the corruption Landratsamt Oberallgäu/Alfred Seehofer Humphrey family, paired in the clan Prime Minister Markus Söder. My attorney was able to obtain a repayment against Monique and Donald Humphrey in 1991 under an enforcement order, but they fled to Georgia in the middle of the enforcement process and fled with my money. In 2018 I contacted Spangdahlem Air Base and got help and support from a policeman named Thorsten Damm, mobile: 0176 84729537.

Pascal Kessler-Humphrey and Nicole McKenzie took part in the abuse against me as a paraplegic and the children and babies of the parents of the army and also carried it out to this day, as well as embezzling my money. Monique and Donald Humphrey have joined the Oberallgäu/Fam.Seehofer, the clan Prime Minister Markus Söder and have accepted bribes to influence the election of President Donald Trump with fraud and to deal with corruption and the Söder clan kill.

When I die my pioneering role belongs to Monique Humphrey, the corruption clan Söder and presidential candidate Joe Biden, who made contractual agreements with the Söder clan, the entire German federal government, the European Commission of Brussels, the WHO and the pharmaceutical industry, Bill Gates etc. has met. These will come into effect in full on January 20th, when Joe Biden is sworn in as President of the United States. The planned RESET of mankind is also planned, which began with the planned Covid19 pandemic through the global economic collapse, the destruction of the banking world through a financial collapse, mass murders through vaccinations, targeted impoverishment of mankind with associated famines, civil wars, etc. - and that's just the beginning of what to expect.

Credibility

The enforcement title for Monique and Donald Humphrey, which was extended to the next 10 years, is, with other previous documents and legal documents, with lawyer Christoph Mrziglod & colleagues Lawyers, Kirchplatz 2, 66571 Eppelborn. This is where the entire facts of the past 30 years are located. The Monique Humphrey file is in the archive as an extraordinary special case of a serious crime against me and against many poor, affected babies and toddlers in the US Army.

Note on the origin of corruption :

We are both managing directors of Mayabaum Verlag-Zukunftsbasis® Ltd. And have multisensory skills and a higher level of intelligence. In 2016, as part of a company restructuring of company Perilia Human Resources GmbH, the Alfred Seehofer family stole all of our company's know-how and our pioneering studies, in which our EU brands and contracts were deliberately violated and our entire company structure in Art of Lordin Maya was stolen.

In conjunction with our service contract for company restructuring in 2016, no cancellation agreement has been concluded with us to date and the entire know-how of Mayabaum Verlag - Zukunftsbasis @ Ltd. has been stolen from the Seehofer family with our globally unique company concepts and pioneering studies, the Seehofer family built up illegally and handed over our company concepts to the Oberallgäu District Office and, with the political federal party CDU/CSU of Bavarian Prime Minister Markus Söder, corruption throughout Germany with over 8 murder attempts on us exercised. The white-collar crime was then spread in the Munich celebrity scene and everyone joined in violating our EU trademark rights and contractual rights. The evidence that we have been able to collect to date is over 200 GB and 200 files of evidence.

The whole of Germany was involved in this crime by the Söder clan and spread to the art of Lordin Maya, as well as the whole of Germany embodied in Art of Lordin Maya. Prime Minister Markus Söder had also stolen all of our company and trademark contracts, as well as the preamble and the entire company structure, which were submitted to the State Ministry of Munich to inspect the files of the criminal charges at the responsible public prosecutor's offices and were then embezzled there.

In 2016, Tanja, Sabrina and Alfred Seehofer gave me an injunction at the Kempten Regional Court with our English company. Our English company was simply written to my former German private address, which was protected by the author, and was driven to ruin with staged enforcements, although our company does not have a representative in Germany and is not registered in the commercial register, but has been registered in Companies House in London since 2015 according to Common Law and sovereignty in Art of Lordin Maya. These fraud files have been sabotaged for years to this day in order to disguise that our company is registered in England and that all letters sent to German addresses so far were a fraud.

Clan Söder aims to have our English company contracts invalidated since December 2016 so that my contractual rights are not recognized. Clan Söder is carrying out this criminal act in order to steal my pioneering studies and company know-how, to continue to operate the frauds and, on the other hand, not to pay the claims for damages under trademark law for five years, and not to have to sign the cancellation agreement from December 2016. Because the termination agreement would be an admission of guilt which must be prevented with all arbitrary violence from the whole corruption, as well as preventing my study material from returning to my property under trademark law.

However, the termination agreement was prevented by deliberately sabotaging all of our criminal charges. Subsequently, managing director Sabrina Seehofer closed Perilia Human Resources GmbH in 2017 through a staged insolvency fraud with lawyer Raumschüssel in order to make all files of evidence disappear to this day. Subsequently, the Seehofer family founded new companies and brought our trademark studies and company know-how to these new companies. Furthermore, Sabrina Seehofer has marketed our trademark law studies and company know-how in companies other than her own studies, in which Prime Minister Markus Söder became the main leader of the Söder clan.

We were also treated in civil law in all courts, although our company deals with contract law and trademark law. As a result, all institutions throughout Germany built on it and everyone joined the resulting BRD corruption through bribes. To this day, our innocence and our contract law have not been confirmed in any court. Every court has been caught in the web of lies and misleading corruption scenarios, bribed, and no one is reviewing the evidence. As soon as we publish something on the Internet, Markus Söder digitally copies it as his own ideas for his political federal party CDU/CSU and the State Ministry in Munich, in which Angela Merkel supports and benefits.

The corruption and white-collar crime that has built up has embarrassed every police officer, judge, public prosecutor and even minister of state, which in November 2018 led to the fact that Minister of Justice of Bavaria Prof. Bausback was relieved of his position as minister of justice through high treason by his own subjects, the police, judges and public prosecutor Kempten was deposed by Bavaria, which of course in the press and in public was presented as a rejuvenation of the cabinet. He wanted to save our lives and punish the criminals who then infiltrated and deposed him. He was our last and only hope to uncover the truth and get back all of our stolen trademark company know-how, as well as pioneering studies.

After another subsequent murder attempt by the local police, we had to flee from Bavaria to the state of Hesse. We couldn't stay there for long either because the police had also joined in with corruption and white-collar crime. From now on we had to go back to our company Mayabaum Verlag-Zukunftsbasis® Ltd. In England, because all of Germany had conspired against us to kill us as authors and owners of our own studies and company know-how. At the very last minute we were able to flee from Germany into exile in England to our company to save our lives.

Detective Chief Inspector Stöckle from Kempten deliberately created an enemy image of us, so that dog squadrons were used by the police, wild chases had taken place in the streets of London, and even helicopters chased us over meadows and forests. Since 2016 we have been alleged criminals, drug addicts and dangerous terrorists, although Ms. Stöhr is paraplegic and is in a wheelchair. If we are not wanted as felons, such large-scale operations by the police and special forces could not be approved.

The list is long, what was brought up against us, but also funny how many millions of taxpayers' money are spent on it while people starve in poverty every day. Everyone knows, the entire corruption, that Doris Stöhr is paraplegic and that I care for her 24 hours because she was bedridden after the 7th attempted murder.

Due to the existing company contracts and EU trademark infringements of the last five years, the entire federal government from Germany, the European seat of government from Brussels has distributed our company studies, company contracts and EU trademark rights Zukunftsbasis @ all over Europe, even in the United States that of Julia and Adam Fried were kidnapped who joined the serious corruption and white-collar crime and enriched themselves illegally. The current massive economic damage to our company Mayabaum Verlag - Zukunftsbasis Ltd., in which, according to a temporary estimate, over 200,000 (two hundred thousand) companies and institutions have joined since 2016 and spread over 20 European countries, amounts to breaches of contract and EU trademark infringement over £ 12 trillion.

When I die, my humanity dies and the Söder clan can embody themselves 1 to 1 in me and digitize me as Saint Maria Indigo Queen of me, my future as Lordin of me, my future and indigo blue pearl Mother Earth and me and to clone my humanity and replace it with robots, for which the biogenic weapon Covid19 is used. Since December 2016 I have been declaring Germany, if you copy me 1 to 1, you will cause World War I, which was known to Clan Söder and its two interwoven corruptions in Germany and the Biogenic World War was disentangled in it.

Note:

President Donald Trump is a thorn in the side of the Deep State and the entire corrupt system. It must therefore be expected that a planned attack by terrorist networks such as Al Qa'ida on behalf of Joe Biden will presumably hit the United States in order to overthrow President Donald Trump by force. After all, the long-term planned reset of the new world order and power rule of the elite unit through the theft of companies and students is almost complete and the USA is therefore in great danger. Therefore, it must be expected that the corrupt system will attack with all its might, that the New World Order, which is almost complete, must by no means be prevented.

In 2017 I was able to see the world war in my visions and kept drawing Germany's attention to not copying me. Germany, the entire EU, Switzerland and even the USA, our entire company and pioneering studies, as well as company concepts, were scattered, in which Germany, the European Union, Switzerland and the United States have completely passed into my property and possession under trademark law and contract law.

Command in Art of Lordin Maya

President Donald Trump of the United States of America will be President of the United States in the name of my office for the next 4 years, in which I entrust all Air Force stations and allies, the Corruption District Office Oberallgäu / Fam. Alfred Seehofer, paired in the clan Prime Minister Markus Söder in mine and to end the mandate of the United States of America and President Donald Trump.

"Whoever copies me 1 to 1 causes the world war, whatever happened."

"Those who study me will survive my golden leap in time"

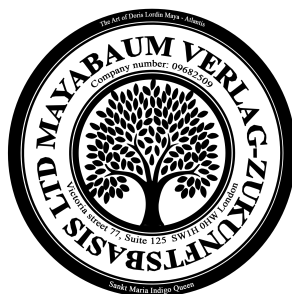

In my clairvoyance and multisensory skills, I was able to see early enough for 6 years as part of my visions when the next attack on me and Manuel Tübner was planned, otherwise we would have been killed and President Donald Trump next.

When I die, all of humanity dies

Sincerely

CEO & Director
Manuel Tübner
