Subject: To the attention: President Donald Trump

Dear Office of the **AF** Inspector General,
Dear Major General Randall Reed,

Due to the enormous size of the corruption issue, I made a quick strategy change. There is an important letter attached. The letter is to be understood in addition to my blog post published at the same time.

<http://zukunftsbasis.com/2020/11/24/hat-die-korruption-clan-soeder-den-covid19-erschaffen/>

I will then build the blog post about Covid19 with important aspects with evidence. However, it is sufficient to understand what Covid19 really is and what is behind the corruption Clan Soeder.

Sincerely,

Letter to the United Nations of America

January, 19th 2020

Dear Office of the AF Inspector General,
Dear Major General Randall Reed,

Given the current situation, it is impossible to hand over 6 years of corruption on the basis of evidence in a few hours, to have a legal review with a pending court judgment. Just sending finished evidence with emails would take a few days, so extensive is the gang and white-collar crime that we have collected in detail and can clarify it informatively and purposefully in front of a court.

As far as we know about the 2020 US elections between the candidates Joe Biden and Donald Trump, evidence has been found that a democratic election, as preferred by the fundamental laws and the constitution of the United States, should not have come to a result. The true extent of the electoral fraud in the 2020 presidential elections will only become apparent after further research into the background and evidence with witness statements.

What is 100% certain is that the election fraud in 2020 was planned and carried out by corruption from Germany. It is precisely this corruption that has already taken root in many states in the United States. We were able to provide the necessary evidence through the previous emails that testify to exactly what we have suspected for a long time. And as we have been taking legal action against these criminal acts for 6 years, we were able to study our criminal opponents to find out which next criminal acts will take place.

All authorities, police stations, courts and ministers in Germany have been bribed in recent years to cover up the corruption and not have to pay the contractual claims for damages. Minister of Justice Prof. Bausback was suddenly dismissed as minister by Markus Söder for no reason. However, this was high treason so that all criminals of highly criminal gang and white-collar crime are not punished. Finance Minister Schäfer from Hesse allegedly committed suicide in April 2020, which we were able to refute through a blog post. He was killed by the corruption clan Soeder, like his Hessian State Secretary 4 weeks later. Pedro da Silva and his partner who died in a mysterious car accident have also been killed by the previous corruption. Blog post will follow shortly.

The same signs of infiltration of the corrupt structures are already noticeable in the USA through electoral fraud. Laws are overturned, the constitution ignored and judges, despite clear evidence of electoral fraud, do not issue any suspension to review the election results reveal the clear inconsistencies of the entire election process. The Senate has the election result has been proven caused by fraud is adopted and named Joe Biden for president. A white judge asks about the causes and the course of events.

(Created was the Covid19 by corruption Clan Soeder?) By my recent blog post to be published simultaneously with this letter to you, I show enough evidence on why Joe Biden was set up as a candidate for the presidential election 2020th The relationships and origins were laid years earlier through the close friendship with the corrupt German Federal Government and the incumbent Chancellor Angela Merkel.

If Joe Biden is sworn in as President of the United States on January 20th, 2020 for the next 4 years, the contractual rights with the WHO will come into force. As a result, from that day on, the USA will no longer make any single decisions and, under the corruption with the deep state, the USA will be taken over under full power control and rule. The United States will therefore continue to corrupt and there is purely arbitrary. Laws are no longer respected. What for?

In my blog post I can also prove that the Covid19 was created in close cooperation in order not to have to pay our trademark and contractual claims for damages. The collaboration of corruption surrounds the WHO with the German government, RKI (Robert Koch Institute), European Union from Brussels and some private donors who have contracted made with the German Federal Government and WHO for years to implement their own planned private goals to be able to.

In order to obtain a scientific and well-founded approval for a vaccine, one needs 8-12 years of development time in order to be able to check and evaluate the previous test results of the necessary test phases of a vaccine. This was passed over unscrupulously and we humans serve as the first test subjects with unimaginable consequences, which should actually only take place in animal experiments. Therefore, the vaccine development was carried out for 6-10 months by telescoping as I explain in my blog post.

This Covid19 will cause enormous physical damage and even destroy millions of lives worldwide through mass vaccinations. Hundreds of people are already complaining of irreplaceable vaccine damage who have voluntarily been vaccinated. The vaccine damage ranges from immune deficiency, severe muscle pain, visual impairment, to paralysis. An integration into a normal life is thus undoubtedly over and a disability for life will be the result. The first deaths have been caused by vaccines but these are concealed in the press so that the Impfmafia can pursue their goals with the planned Reset the economy will collapse by more nonsensical lockdown measures completely defeat waves on companies. The economic consequences will be as far-reaching and profound that it will place the economic crisis of 1929 in all the massive chain reactions in the shade. From bankruptcies, mass unemployment, famine, hyperinflation or deflation or both that will cause mass death.

The USA is the only country in the world that can prevent worse at the very last second due to the not yet legitimized USA elections. Therefore, a suspension of the swearing-in of President Joe Biden is essential until further evidence of corruption can be submitted and verified. There is also evidence that the 2020 US elections were undemocratic.

Therefore I take the liberty of referring to the United States' Declaration of Independence of July 4, 1776, above all George Washington - as instruments in the hand of Providence, which through it brought about independence, the "Glorious Cause", for the good not only of one's own People, but all of humanity. Which in turn is in their graces.

The preamble is followed by a detailed list, which is not "correct in every detail", of abuses and violations of the law which, according to the revolutionaries, the King of England had committed against the population of the 13 colonies. Charges against the British Crown were in 1776,

- refused to give consent to necessary laws,
- made the approval of such laws dependent on the waiver of parliamentary rights,
- hindered the work of the colonial parliaments and repeatedly dissolved them illegally,
- hinders and corrupts justice,
- hinders trade,
- started a war against their own population in the colonies (literally: "our lakes plundered, our coasts devastated, our cities burned, and our people killed"),
- brought foreign mercenaries into the country to "perform the works of death, destruction, and tyranny already begun with such circumstances of cruelty and infidelity which even in barbarous times are unparalleled, and the head of a civil nation wholly are indecent",
- and finally after "striving to bring the merciless wild Indians over our border residents, whose known use is to wage war, regardless of age, sex and class, to slaughter everything".

The authors then state that the representatives of the colonies had repeatedly warned the king and the English people about these abuses and asked them to stop them. But since this was unsuccessful, it is now the right of the colonies to sever their state ties to the mother country.

Furthermore, it says in the wording in the final declaration of the declaration of independence,

Quote: "Independent states they have full power and authority to wage war, make peace, forge alliances, establish action, and do anything and everything else that independent states legally do." End quote

Now it's the year 2020 and it shows on the story seems like to repeat that time. Therefore I can only exhort as a trademark contracting partner of the United States of America, binding according to UCC and Common Law, to make the right decision for the good of America, for the good of its own people and all of humanity.

In honor and dignity of the authors of the United States Declaration of Independence of 1776,
In honor and dignity lawful 46th President of the United States, Donald John Trump

Sincerely,

God bless America
