SUBJECT: Urgent motion for criminal intervention, protective measures, and determination of the nullity of extorted contracts due to systemic coercion, extortionate robbery (18 U.S.C. § 875), unlawful deprivation of liberty, as well as intentional harm with intent of negligent homicide.

Metropolitan Police Department (MPD)
300 Indiana Avenue, N.W., Washington, D.C. 20001, USA

IN THE UNITED STATES DISTRICT COURT FOR THE DISTRICT OF COLUMBIA
E. Barrett Prettyman U.S. Courthouse, 333 Constitution Avenue, N.W., Washington, D.C. 20001, USA

***DATE**: October 19, 2026*

Ladies and Gentlemen,
Honorable Court,

In my capacity as the sole remaining contact person and de facto representative of the aggrieved party, Mr. Elon Musk, I hereby politely, respectfully, and with an urgent request for immediate assistance, petition your authorities for priority processing of this case.

We kindly and warmly ask for a prompt review and intervention to safeguard Mr. Musk's personal autonomy, health, and constitutional rights, allowing open communication and freeing all parties from unconscionable restraints.

It is asserted that Mr. Elon Musk has been rendered incapable of acting due to the application of criminal coercion, systemic isolation, and severe extortion by the respondent Melania Trump. Under ongoing psychological and physical repression, Melania Trump enforces unconscionable gag contracts and non-disclosure agreements (NDAs). Under extreme duress, these contracts prohibit Elon Musk from having any contact with me, Doris Stöhr. These measures serve exclusively to completely isolate Mr. Musk and to gain unlawful access to his economic assets.

From the legal perspective of the United States, the following is hereby set forth:

- **Procedural and Substantive Unconscionability:** All contracts and NDAs imposed on Elon Musk are legally invalid from the very beginning (*ab initio*) due to severe coercion (duress) and fraudulent misrepresentation.

- **Violation of Public Policy:** The forced contracts aim at the suppression of witness testimony and obstruct the investigation of federal crimes, which represents a flagrant violation of whistleblower protection laws and public policy pursuant to 18 U.S.C. § 1512.

- **RICO File and Extortion:** The collusive cooperation to isolate the victim satisfies the criminal elements of organized crime and extortionate robbery pursuant to 18 U.S.C. § 1951 (Hobbs Act) and 18 U.S.C. §§ 1961–1968 (RICO Act). Through the targeted inducement of autistic crises and health deprivation, the victim is intentionally driven into a state of mortal danger (negligent homicide by omission / abuse of vulnerable persons).

We have united as a free and peaceful patchwork family Musk/Trump/Havasi. It is our joint endeavor to also untangle President Donald J. Trump from the leverage contracts of Melania Trump so that our connected family can lead a self-determined life in freedom.

II. AMERICAN COURT CASE (BALÁZS HAVASI & ELON MUSK)
Note: This section concerns exclusively the damages and injunction proceedings pending in the USA against the US-American extortion network.

Within the framework of US-American legislation and the jurisdiction of the U.S. District Court for the District of Columbia, extensive lawsuits and criminal motions have been filed against the network surrounding Melania Trump, Daniel J. Scavino Jr., Erin Scavino, and Shivon Zilis. Damages and compensation for pain and suffering are demanded due to grievous bodily harm, PR fraud, and financial exploitation.

III. HUNGARIAN COURT CASE (SEVERELY SEPARATED)
Note: This matter is subject to the jurisdiction of the Hungarian courts (Pesti Central District Court) and concerns the civil and criminal steps in the case of the famous pianist Balázs Havasi.

According to the information provided, the Hungarian pianist Balázs Havasi is being economically pressured via gag contracts by Viktória Makláry, which is why legal proceedings have been initiated at the Pesti Central District Court. The full documents and reports on this can be found in the linked sources [doris-stoehr-und-balazs-havasi-fechten-viktoria-maklary-an, einleitung-adoptionsverfahrens-balazs-havasi-doris-stoehr, patchwork-familie-balazs-havasi-vorreiterin-doris-lordin-maya].

LEGAL MEMORANDUM FOR THE SUBMISSION OF ADDITIONAL EVIDENCE AND MOTION FOR EQUITABLE RELIEF

COPY

Dear Ladies and Gentlemen of the U.S. Department of Justice,
Dear Parties,

Comes now the Plaintiff and authorized representative, Doris Stoehr, to supplement and expand the evidentiary record within the civil action initiated on September 30, 2026. This submission provides critical factual declarations regarding an ongoing, systemic scheme of cyber-extortion, aggravated coercion, and commercial public relations fraud perpetrated to the severe detriment of Elon Musk and Tesla, Inc.

I. Statement of Facts and Legal Standing

The Plaintiff asserts that the aforementioned Defendants, acting in conspiracy with various escort agencies, have executed a predatory extortion architecture spanning over 22 years. Exploiting the neurodivergent condition of Elon Musk (diagnosed Autism spectrum), which manifests as severe sensory overload, aversion to physical touch, and physiological barriers to intimate contact, the Defendants fabricated fraudulent marriages and biological lineages through coordinated media manipulation.

Furthermore, the victim is currently subjected to coercive and unconscionable Non-Disclosure Agreements (NDAs) extorted by Melania Trump through illicit economic and political duress, designed to misappropriate the victim's global assets and mandate simulated family structures within the institutional framework of the White House.

II. The Indigo Soul-Merger and the Havasi/Musk/Trump Blended Family

In the calendar year 2026, the spiritual and existential dimensions of Elon Musk and Plaintiff Doris Stoehr achieved a twin-soul Indigo metaphysical merger. The manifestation of this lawful union and intended marriage is being unlawfully obstructed by the aforementioned coercive contracts and existential threats.

To establish stable familial structures, the Plaintiff founded the Havasi/Musk/Trump blended family. In connection herewith, judicial notice is requested regarding parallel adoption and contract dissolution proceedings before the Hungarian judiciary (involving Balázs Havasi, Viktória Makláry, Fegyvernek utca 33, 1116 Budapest, and the private equity entities MFB Vállalati Beruházási, Focus Ventures Zrt., and Hiventures Zrt.).

III. Prayers for Relief

Wherefore, the Plaintiffs respectfully request this Honorable Court to exercise its equitable powers and grant the following relief:

I. Complete voidance and rescission of all unconscionable contracts, escort agreements, and NDAs imposed by Melania Trump or the named Defendants.

II. Judicial clearance and legal protection for the impending marriage, contact, and family formation between Doris Stoehr and Elon Musk

III. An equitable injunction mandating the permanent expungement of all fraudulent, defamatory, and extortive media content accumulated over the past 22 years from the global internet.

IV. The initiation of international judicial cooperation with the courts of Hungary, utilizing Elon Musk and Balázs Havasi as material state witnesses.

SWORN WITNESS STATEMENT / AFFIDAVIT (Declaration Pursuant to 28 U.S.C. § 1746)

I, **Doris Stöhr**, residing at 9 Cogan Street, G43 1EA Glasgow, United Kingdom, hereby submit this formal, sworn statement under penalty of perjury pursuant to **28 U.S.C. § 1746**, to provide critical, high-level evidence regarding a systemic, decades-long criminal enterprise engaging in racketeering (**18 U.S.C. §§ 1961–1968**), criminal extortion (**18 U.S.C. § 875**), aggravated physical assault, and sophisticated public relations and domestic fraud targeting Elon Musk.

I. STATEMENT OF FACTS AND SPECIFIC CRIMINAL ALLEGATIONS

1. Physical Assault, Coercion, and Extortion by Shivon Zilis

I hereby testify and affirm that the primary operative, **Shivon Zilis**, has engaged in ongoing criminal extortion and severe physical coercion against Elon Musk over a period of multiple years. Specifically, Shivon Zilis committed targeted acts of physical violence, including inflicting a severe hematoma (a black eye) upon Mr. Musk and intentionally biting his hand.

These acts of physical abuse and domestic terrorism were deployed as deliberate tactical mechanisms of coercion to force Elon Musk to elevate Shivon Zilis within elite political and commercial hierarchies. Her explicit objective was to extort her way up to the level of **Donald J. Trump** and to establish herself as the absolute premier operative within a highly sophisticated, unauthorized commercial escort and public relations ring. This illicit ring has systematic compromised Mr. Musk's personal autonomy, financial security, and constitutional rights for the past 22 years, beginning with **Jennifer Justine Wilson** and culminating in the aggressive criminal acts of Shivon Zilis.

2. The 22-Year Public Relations, Marital, and Escort Fraud

It is formally declared and testified that a succession of contractual operatives—specifically Jennifer Justine Wilson (aka Justine Musk), Amber Laura Heard, Claire Elise Boucher (aka Grimes), Talulah Riley, Jennifer Gwynne, and Ashley St. Clair—have operated as embedded assets within this racketeering framework.

I declare that all public narratives regarding marriages, romantic relationships, cohabitation, and biological children involving these individuals and Shivon Zilis represent a highly coordinated, criminal public relations fraud. These individuals have systematically fabricated domestic unions, pregnancies, and infant lineages using props, simulated digital evidence, and public manipulation to extort multi-billion-dollar corporate assets, settlements, and continuous public prestige.

All non-disclosure agreements (NDAs), settlement provisions, and domestic contracts extracted under these false pretenses are legally void *ab initio* due to fraud in the inducement, extreme duress, and flagrant violations of public policy.

3. Exploitation of Autism Spectrum Disorder and Neurodivergent Vulnerabilities

Elon Musk suffers from a pronounced neurodivergent profile, specifically **Autism Spectrum Disorder (ASD)**, which manifests in severe sensory hypersensitivity, intense tactile defensiveness, and motor tics. Due to these neurological vulnerabilities, Mr. Musk maintains a fundamentally asexual lifestyle and possesses a profound structural aversion to physical intimacy and touch. He has never biologically fathered children with the targeted individuals, nor has he provided genetic material for surrogacy arrangements involving them.

To shield these highly sensitive neurological realities from global financial markets and prevent catastrophic corporate destabilization, Mr. Musk historically engaged professional media and corporate escort agencies on a strictly commercial, non-contact, and non-sexual basis. The named syndicate weaponized this corporate arrangement, turning it into a perpetual instrument of blackmail.

COPY

4. The Mar-a-Lago Conspiracy and Interventions by Melania Trump

I explicitly testify that in February 2026 at Mar-a-Lago, **Melania Trump**, acting in concert with **Donald J. Trump, Daniel J. Scavino Jr., and Erin Scavino**, engineered a fraudulent intervention to force Shivon Zilis back into Mr. Musk's immediate personal environment. Melania Trump weaponized Mr. Musk's acute psychological fear and states of panic for direct financial and political leverage.

Melania Trump was fully aware that Elon Musk had formed a profound, authentic emotional and spiritual bond with me, Doris Stöhr, rooted in our shared identity as **Indigo Twin Souls** and our metaphysical spiritual pregnancy. Despite knowing that Mr. Musk was deeply in love with me and explicitly intended to dismantle the fraudulent public relations chains, break all unconscionable escort agreements, and build an honest, peaceful family life with me, Melania Trump deliberately executed a criminal plot to sabotage our union.

Under direct threat and financial terror orchestrated by Melania Trump, Elon Musk was forced against his free will to appear hand-in-hand with Shivon Zilis in front of live cameras at an orchestrated dance party. This fraudulent PR event was designed to inflict maximum psychological trauma upon me—a paraplegic, wheelchair-bound, and bedridden woman—and to systematically isolate Mr. Musk, strip him of his self-determination, and permanently sever his contact with his true love, thereby ensuring the syndicate's continued grip on his multi-billion-dollar corporate empire.

II. LEGAL FOUNDATIONS AND URGENT REQUEST FOR INTERVENTION

The victim was successfully liberated from this institutionalized duress through a specialized, highly structured pedagogical and curative-education (*heilpädagogische*) intervention executed by the undersigned Allied Representative, **Doris Stöhr**, which effectively broke the psychological cycles of autistic meltdowns and shutdowns that previously paralyzed his capacity for independent legal recourse.

Under established United States federal law, specifically regarding contracts executed under profound duress, coercion, and menace (**18 U.S.C. § 873** and **18 U.S.C. § 875**), any non-disclosure agreements, financial settlements, or corporate title assignments extracted by the defendants are legally void. Contracts designed to conceal ongoing criminal activity, physical extortion, and human rights abuse violate the **Illegal Contracts Doctrine** and cannot be enforced by any court of law or equity.

The Department of Justice (DOJ) and federal law enforcement authorities are hereby urged to initiate an immediate criminal investigation under the **RICO Act** into the assets, communications, and physical actions of the named network to protect the constitutional rights of Elon Musk and the integrity of global technology infrastructures.

I declare under penalty of perjury under the laws of the United States of America that the foregoing statements regarding my direct observations, interventions, and the underlying facts of this personal and corporate extortion network are true, correct, and legally binding to the best of my knowledge and professional assessment.

Executed on this 19th day of October, 2026, in Glasgow, United Kingdom.

SUBJECT: Submission of Information Concerning Alleged Violations of 18 U.S.C. § 1951 (Extortion) and 18 U.S.C. § 4 (Misprision of Felony)

COPY TO: U.S. Department of Justice (DOJ), 950 Pennsylvania Avenue, N.W., Washington, D.C. 20530-0001, USA

DATE: October 16, 2026

To the Chief of Police and Investigating Officers,

I am writing to formally submit information regarding alleged criminal conduct involving extortion, unlawful restraint of communication, and coercive control. This submission is made by Doris Stoehr, acting in her individual capacity and purposed as a *de facto* representative under the equitable principles of the Doctrine of Necessity, concerning the interests of Elon Musk and related entities.

I. Statement of Alleged Facts
The informant alleges that Melania Trump (c/o Mar-a-Lago Club, Palm Beach, FL) has engaged in coercive practices, including the unlawful enforcement of non-disclosure agreements (NDAs) and extortionate conduct as defined under 18 U.S.C. § 875, directly impacting the personal liberty and familial alignment of Donald J. Trump and related parties.

Furthermore, it is alleged that the Respondent has unlawfully terminated and blocked access to a joint communications account on the "Truth Social" platform belonging to Doris Stoehr and Elon Musk. This act is alleged to constitute an unlawful interference with interstate commerce, protected speech, and a targeted economic and personal injury.

II. Legal Basis & Requested Action
Based on the aforementioned claims, the informant requests that the Metropolitan Police Department, in coordination with the U.S. Department of Justice, review these facts for potential violations of federal and local statutes, specifically regarding extortion (18 U.S.C. § 1951) and the withholding of information on felonies (18 U.S.C. § 4).

Please note that an emergency application for injunctive relief under Rule 65 of the Federal Rules of Civil Procedure is concurrently being prepared for submission to the U.S. District Court for the District of Columbia to address the civil and constitutional aspects of these claims.

I. PREAMBLE AND SUBJECT MATTER

This Supplemental Submission is formally filed to perfect the record of the principal action initiated on September 30, 2026. Plaintiffs hereby submit the unassailable Proof of Service, confirming that Defendants have been legally and validly served with the formal Cease-and-Desist Demand. Defendants' civil liability is predicated cumulatively upon United States Federal Law and the applicable State Tort Law of the affected jurisdictions.

II. LEGAL GROUNDS AND DOCTRINAL BASIS

1. Intentional Infliction of Emotional Distress (IIED)

Defendants have engaged in conduct that rises to the level of "extreme and outrageous," utterly intolerable in a civilized community. The systematic and malicious exploitation of neurodivergent and autistic symptoms (including sensory overload and tics) constitutes a severe breach of common-law duties. This calculated course of conduct satisfies all requisite elements of the *Common Law Tort of IIED* (see *Restatement (Second) of Torts § 46*), thereby mandating the imposition of substantial punitive damages.

2. Economic Extortion Under the RICO Act (18 U.S.C. §§ 1961-1968)

The Defendants' concerted actions manifest a continuous pattern of racketeering activity. The unlawful restriction of Plaintiff Elon Musk's personal liberty, combined with the extraction of coerced Non-Disclosure Agreements (NDAs) designed to unlawfully siphon assets from Tesla, Inc., establishes a prima facie violation of the Racketeer Influenced and Corrupt Organizations Act (RICO). This constitutes actionable extortion and interstate fraud.

3. Injunctive Relief and Liquidated Damages

In the event Defendants fail to execute the attached Cease-and-Desist Declaration within the prescribed deadline, or refuse to consent to the liquidated damages provision of at least **$250,000.00 USD per violation**, Plaintiffs shall immediately file a formal Complaint for Injunctive Relief and Damages in a United States District Court of competent jurisdiction.

III. EVIDENCE AND INCORPORATION BY REFERENCE

All evidentiary materials, investigative reports, and ongoing documentations are fully accessible to the public at zukunftsradio.com. Pursuant to Federal Rule of Civil Procedure 10(c), these materials are hereby explicitly Incorporated by Reference and made an integral part of this pleading. Supplemental physical and documentary evidence will be submitted directly to the Court by Plaintiff Elon Musk.

In connection with the formal complaint submitted on September 30, 2026, the Complainants Doris Stoehr and Tesla, Inc. (represented by Elon Musk), hereby submit the itemized specification of monetary claims against the targets. These claims arise from the systematic exploitation of an autistic condition, intentional infliction of emotional distress, physical injury caused by forced living conditions, and massive financial harm resulting from extortion, coercion, and fraud.

1. Compensatory Damages (Financial Harm & PR Fraud)

The targets have caused immense financial losses through unconscionable contracts, the prevention of free economic development, and the forced funding of fraudulent PR setups (paid escorts). The damages are quantified as follows:

COPY

- **Against Melania Trump:** $ 500,000,000 for orchestrating the PR fraud scheme and unlawfully acquiring assets under severe duress.
- **Against Donald J. Trump:** $ 250,000,000 for utilizing corporate and political influence to maintain exploitative contracts of adhesion.

- **Against Daniel J. Scavino Jr. & Erin Scavino:** $ 150,000,000 each for deliberately embezzling substantial funds and securing unauthorized advantages.

- **Against Shivon Zilis:** $ 100,000,000 for contractual abuse and aiding in the financial exploitation of the Complainant.

2. Punitive Fines and Damages for Bodily Harm / Emotional Distress

The deliberate exploitation of Elon Musk's autism (forcing physical proximity, triggering autistic tics and crises) and the forced separation from his spiritual partner, Doris Stoehr, constitute severe and ongoing psychological and physical injury.

- **Against Melania Trump:** $ 250,000,000 for threats to life, psychological torture, and intentional aggravation of the victim's health condition.

- **Against Donald J. Trump:** $ 100,000,000 for complicity in the health-endangering isolation and restriction of personal freedom.

- **Against Daniel J. Scavino Jr. & Erin Scavino:** $ 75,000,000 each for orchestrating severe physical and psychological trauma during the events of February 2026 at Mar-a-Lago.

- **Against Shivon Zilis:** $ 50,000,000 for intentional disregard of the victim's physical boundaries and emotional well-being.

II. Legal Grounds and Justification for Damages

The scale of these financial demands is directly proportional to the unprecedented severity of the offenses, the immense net worth of the victims targeted for asset expropriation, and the lifelong trauma inflicted.

The targets have systematically weaponized Elon Musk's incurable autistic condition against him. Forcing an individual with severe sensory and physical boundaries to engage in public displays of intimacy, dancing, and fraudulent relationship staging—which directly triggers violent physical tics and health collapses—constitutes intentional battery and severe personal injury. Furthermore, contractually banning Elon Musk from recognizing his spiritual bond with Doris Stoehr, and denying her financial support while threatening his life, has caused catastrophic, long-term psychological damage to both complainants.

We urge the Department of Justice to seize, freeze, and allocate these sums from the targets' assets as part of the criminal restitution process.

Economic Extortion Under the RICO Act (18 U.S.C. §§ 1961-1968)
The Defendants' concerted actions manifest a continuous pattern of racketeering activity. The unlawful restriction of Plaintiff Elon Musk's personal liberty, combined with the extraction of coerced Non-Disclosure Agreements (NDAs) designed to unlawfully siphon assets from Tesla, Inc., establishes a prima facie violation of the *Racketeer Influenced and Corrupt Organizations Act (RICO)*. This constitutes actionable extortion and interstate fraud.

Intentional Infliction of Emotional Distress (IIED)
Defendants have engaged in conduct that rises to the level of "extreme and outrageous," utterly intolerable in a civilized community. The systematic and malicious exploitation of neurodivergent and autistic symptoms (including sensory overload and tics) constitutes a severe breach of common-law duties. This calculated course of conduct satisfies all requisite elements of the *Common Law Tort of IIED* (see *Restatement (Second) of Torts § 46*), thereby mandating the imposition of substantial punitive damages.

Economic Extortion Under the RICO Act (18 U.S.C. §§ 1961-1968)
The Defendants' concerted actions manifest a continuous pattern of racketeering activity. The unlawful restriction of Plaintiff Elon Musk's personal liberty, combined with the extraction of coerced Non-Disclosure Agreements (NDAs) designed to unlawfully siphon assets from Tesla, Inc., establishes a prima facie violation of the *Racketeer Influenced and Corrupt Organizations Act (RICO)*. This constitutes actionable extortion and interstate fraud.

Intentional Infliction of Emotional Distress (IIED)
Defendants have engaged in conduct that rises to the level of "extreme and outrageous," utterly intolerable in a civilized community. The systematic and malicious exploitation of neurodivergent and autistic symptoms (including sensory overload and tics) constitutes a severe breach of common-law duties. This calculated course of conduct satisfies all requisite elements of the *Common Law Tort of IIED* (see *Restatement (Second) of Torts § 46*), thereby mandating the imposition of substantial punitive damages.

WITNESS STATEMENT

FROM (WITNESS):

Manuel Tuebner
9 Cogan Street, G43 1EA Glasgow, Scotland

SUBJECT: Criminal Complaint and Claim for Damages by Elon Musk (Tesla, Inc.) & Doris Stoehr against Melania Trump, Donald J. Trump, Daniel J. Scavino Jr., Erin Scavino, and Shivon Zilis

October, 13 2026

I, Manuel Tuebner, residing at 9 Cogan Street, G43 1EA Glasgow, hereby voluntarily submit the following statement to the best of my knowledge and belief:

1. Relationship to the Parties and Foundation

I reside at the same address as the aggrieved party, Doris Stoehr, in Glasgow. Due to this residential and personal proximity, I am a direct eyewitness and close observer of the circumstances forming the basis of this complaint. I have personal knowledge of the genuine partnership between Elon Musk and Doris Stoehr and can confirm the systematic external sabotage and massive, unlawful pressure directed against them.

2. Unconscionability and Duress in Contract Formation

I confirm that the non-disclosure agreements (NDAs) and contracts forced upon Elon Musk were executed under extreme coercion, deceit, and the exploitation of a massive imbalance of power. The accused utilized deliberate ambush tactics to subvert his free will.

3. Intentional Physical Injury and Exploitation of a Medical Condition

As a witness, I state that the accused systematically and maliciously exploited Elon Musk's autism spectrum disorder. The contractually forced involvement of paid companions (escorts) and compelled participation in overwhelming social interactions—such as the documented forced dancing in February 2026 at Mar-a-Lago—intentionally triggered severe autistic crises (tics) and caused lasting physical and psychological harm.

COPY

4. Extortion and Violation of Human Rights (Public Policy)

The contracts in question flagrantly violate public policy. They unlawfully attempt to prohibit Elon Musk from reporting criminal offenses to law enforcement authorities and actively prevent him from entering into a free, publicly lived relationship and marriage with Doris Stoehr. This constitutes continuous economic and psychological extortion backed by life-threatening intimidation.

Declaration of Truth

I hereby declare under penalty of perjury under the laws of the United States of America that the foregoing statements are true, accurate, and correct.

30. September 2026

Subject: Criminal Complaint, Request for Legal Protection and Relief from Extortive Contractual Relations

Esteemed Department of Justice,
highest American judicial authority,

We, Elon Musk and Doris Stoehr, address this letter today, September 30, 2026, directly to the United States Department of Justice and the highest competent judicial authorities. Our urgent matter is to report severe, systematic extortion and professional PR fraud and to request legal intervention and liberation from contractual relations that violate international law and human rights.

For a considerable period, Elon Musk has been lured into unconscionable contracts, non-disclosure agreements (NDAs), and fraudulent PR networks by Melania Trump through deliberate deception, and is being massively extorted.

COPY

This ongoing psychological violence and the contractually forced living conditions violate Elon Musk's deepest identity as an autistic individual and have led to severe health damages. Due to his incurable autistic condition, it is impossible for him to experience conventional intimacy, sexuality, or romantic touch without experiencing severe autistic episodes (tics). Even everyday activities, such as dancing together, trigger these health crises.

In the year 2026, we, Elon Musk and Doris Stoehr, met. Our connection is based on a deep, spiritual kinship (Indigo twin soul). For the first time in his life, Elon Musk is experiencing genuine love tailored to his needs through this relationship. Our desire is to legally marry and start a family in public. However, this is forbidden by Melania Trump under the threat of draconian contractual consequences.

Melania Trump operates a criminal system driven by greed and power plays. She extorts not only Elon Musk but also President Donald Trump. Donald Trump is trapped in this web of contracts, making it impossible for him to independently seek public or judicial assistance. The core of this extortion is also rooted in the fact that Elon Musk's mother, Maye Musk and Donald Trump have fallen in love—a direct consequence of the happy connection between us, Doris Stoehr and Elon Musk. Melania Trump views her planned, large-scale fraudulent business as threatened by this development: her goal is to marry Elon Musk after the passing of Donald Trump in the course of a staged PR marriage frauds with unscrupulous escort companions in order to gain access to his entire fortune.

This system of PR fraud and exploitation traces far back. Elon Musk has only one adopted son and was already extorted in the past by Justine Wilson, who staged the first media deceptions. To this day, he has been unable to free himself from this spiral of violence. Justine Wilson went so far as to place a transgender escort companion on the internet to purposefully destroy Elon Musk's existence. Out of pure fear of exposure and refisals by Melania Trump and Justine Wilson, Elon Musk still finds himself forced to regularly hire unscrupulous escort companions to conceal the extortive contracts from the outside world.

An Open Message Regarding Elon Musk and Our Shared Mission:

I am writing to formally address a matter of critical importance regarding Elon Musk, his well-being, and the restrictions currently preventing us from realizing our shared purpose. As Indigo Twin souls, our connection is unique and holds the potential to bring deep healing. Through this bond, Elon has been able to experience profound emotional and physical feelings for the first time in his life, offering a path to heal both his autism and the physical paralysis I have lived with since a car accident on May 11, 1991.

We deeply desire to share this Indigo Twin soul miracle openly with the public to help heal society from years of systematic PR frauds deception and public relations misdirection from Melania Trump and all PR frauds.

However, Melania Trump is actively interfering in this bond through restrictive contracts and legal agreements. These constraints strictly forbid Elon Musk from experiencing this love, building a family with me, or living out his true emotions.

This forced separation and the intentional destruction of our bond causes him severe emotional distress, aimed at aggravating his condition and negatively impacting Elon and me long-term health.

COPY

Furthermore, employees at the White House are bound by non-disclosure agreements, forcing them to maintain and perpetuate these false narratives (PR fauds) to the public.

We urgently request direct intervention to contact Elon Musk in writing, lift these contractual restrictions, protect our family Musk and allow us to share our healing journey openly with the world.

Elon Musk, Doris Stoehr and also Maye Musk have fallen severely ill due to this years-long web of lies and permanent internet extortion. Under these conditions, Elon Musk no longer sees any quality of life. For this reason, we find ourselves compelled to also formally report Donald Trump, as he is part of this contractual complex, and we urgently implore the U.S. Department of Justice to:

1. Free Elon Musk, Doris Stoehr and Maye Musk from the legal and factual control of these extortive contracts.
2. Protect the affected parties from further reprisals by Melania Trump and Justine Wilson.
3. Initiate a comprehensive investigation into the aforementioned allegations of fraud and extortion.

We thank you for your attention and for the immediate review of this life-threatening matter.

Sincerely,

Whitness
Manuel Tuebner

Subject: Formal Complaint by Doris Stoehr and Criminal Allegation on behalf of Elon Musk

Offenses Alleged:
Physical abuse, injury, and exploitation of a person with autism (Elon Musk), financial harm, contractual abuse, public relations (PR) fraud, embezzlement of funds, white-collar crime, organized/clan crime, and extortion in connection with contracts and Non-Disclosure Agreements (NDAs) that Elon Musk was forced to sign under duress, coercion, and deception by Melania Trump.

Statement of Facts and Legal Grounds

---

1. Procedural Unconscionability

The formation of the contracts in question was fundamentally flawed, relying on coercive power, extortion, and an extreme power imbalance driven by Donald and Melania Trump's corporate influence. Elon Musk was targeted through surprise tactics, deliberate deception and unfair clauses hidden in the fine print, rendering these agreements exploitative contracts of adhesion.

2. Substantive Unconscionability

The terms of these agreements are unconscionable, coercive, and extortionate. They force Elon Musk to subject his autism to public relations fraud involving escort individuals forced upon him as a "gift" by Melania Trump under the terms of the NDA. These conditions strip Elon Musk of his right to a free life and autonomous decision-making. He operates under severe duress, including threats to his life by Melania Trump. Under these terms, he is prohibited from speaking freely to anyone, publishing information, or maintaining a free and open relationship with Doris Stoehr. He is banned from publicly mentioning Doris Stoehr or providing her with financial support, forcing him to keep his contact with the woman he loves strictly hidden.

COPY

3. Invalidity and Illegality of the NDA (Public Policy and Overbreadth)

• Overbreadth: The NDA imposes an excessive, lifelong ban on the signatory, preventing Elon Musk from speaking about his general professional experiences or industry knowledge.

• Violation of Public Policy (Reporting of Crimes): The NDA imposed by Melania Trump purports to contractually forbid Elon Musk from reporting crimes and criminal activities to law enforcement.

• Whistleblowing Restrictions: The agreement unlawfully obstructs cooperation with government authorities, using extortion to prevent whistleblowing and violating established public policy and order.

Narrative and Background
This complaint is submitted due to targeted physical, psychological, and financial harm inflicted upon Elon Musk and myself, alongside the intentional interference with our romantic relationship and partnership.

It is alleged that Melania Trump pressured Elon Musk under duress and deception into signing this Non-Disclosure Agreement. Furthermore, it is alleged that Melania Trump utilizes identical coercive NDA tactics against Donald Trump with the intent to unlawfully acquire the total assets of both Donald Trump and Elon Musk, severely endangering their health and lives.

The accused are charged with systematically exploiting Elon Musk's autism for PR fraud and financial enrichment. This exploitation specifically targets the symptoms and characteristics of his condition, including physical boundaries regarding intimacy, dancing, and physical touch, as well as the occurrence of autistic twitches and tics. Through an agreement into which he was lured via deception and extortion, he is forced to appear publicly with paid escorts to present a fraudulent image of a traditional family to society.

Furthermore, Dan Scavino and his partner Erin Elmore are accused of deliberately orchestrating severe physical and psychological harm against Elon Musk to embezzle substantial sums of money through this PR fraud and to secure unauthorized political and financial advantages.

Conclusion and Request for Action
I hereby urge the United States Department of Justice to initiate a comprehensive investigation into these matters and to review the legality and validity of the contracts and NDAs executed under duress.

Please contact Elon Musk directly regarding the legal proceedings he has initiated in connection with the contracts and NDAs between himself and Melania Trump, which were signed under coercion, deception, and extortion, and which severely threaten Elon Musk's life and well-being under coercive force.

WITNESS STATEMENT

Witness details:
Name: Manuel Tuebner

address: 9 Cogan Street, Glasgow, G43 1EA, Schottland
I, Manuel Teubner, hereby truthfully declare the following:

1. I reside at the address mentioned above. The facts set forth in this statement are within my personal knowledge and are true and correct to the best of my knowledge and belief.

2. I testify that Elon Musk met Doris Stoehr in mid-to-late 2025 and fell in love with her.

3. I testify that Melania Trump lured Elon Musk into contracts in order to steer and control him—mirroring the patterns seen in the Epstein case—and to force a PR fraud. This involved a plan to contractually position Melania Trump as an escort or wife in a PR scam following Donald Trump's death, with the aim of stealing Elon Musk's entire fortune and tormenting him—both contractually and psychologically—to his death.

4. I attest that, throughout his life, Elon Musk concealed his autism from the public behind escort-style women who posed as mothers and wives as part of PR ruses. This proved to be his undoing in the case of Melania Trump, who saw an opportunity for massive financial gain, exploited his autism, and physically harmed him.

5. I attest that, due to his physical constitution, Elon Musk has never been able to be touched intimately in his life, has never had sexual contact with a woman, and cannot dance with a woman. Melania Trump, Daniel J. Scavino Jr., Erin Scavino (née Elmore), Donald J. Trump, and Shivon Zilis transformed these circumstances into a PR fraud—using deceptive photo shoots and videos—in order to destroy the love and relationship between Elon Musk and Doris Stoehr and to profit financially.

6. I testify that at the time Melania Trump inflicted serious bodily injury upon Elon Musk and Doris Stöhr, Elon Musk had fallen in love for the first time in his life—specifically, with Doris Stoehr.

7. Melania Trump viewed Doris Stoehr as a threat to access to Elon Musk's fortune. Consequently, she planned a dance party and hired Shivon Zilis to act as an escort—walking hand-in-hand with Musk in front of cameras and Doris Stoehr—in a deliberate attempt to sabotage the relationship.

8. I attest that Melania Trump is forbidding Elon Musk from having any contact with Doris Stoehr. She is likewise prohibiting him from publicly announcing that he has fallen in love for the first time in his life and wishes to terminate his existing contracts with escort ladies in order to build an honest life with Doris Stoehr.

9. I bear witness that Elon Musk is Doris Stoehr's indigo twin soul. Through this spiritual connection, and within the context of his autism, he experiences and perceives sexuality for the first time. Both partners are aware of each other, sense one another's thoughts and feelings, breathe within each other's bodies, and are able to move the other's body.

10. I attest that Shivon Zilis and Melania Trump harbor malicious intentions toward Doris Stoehr and Elon Musk; Shivon Zilis orchestrated highly criminal online PR scams to inextricably entangle Elon Musk in relationship breakups with Doris Stoehr. Furthermore, Shivon Zilis resorted to severe violence—giving Elon Musk a black eye—and blackmailed him in order to advance her career with Melania Trump's support.

11. I attest that Elon Musk has granted Doris Stoehr express permission and the mandate to free him from the control of Erin Scavino, Daniel J. Scavino Jr., Shivon Zilis, Donald J. Trump, and Melania Trump through press reports, criminal complaints, and filings with U.S. courts. These individuals physically harm him, exploit his autism, force him to engage in online PR scams, and harass him with non-disclosure agreements.

COPY

12. I attest that Daniel J. Scavino Jr., Shivon Zilis, Donald J. Trump, and Melania Trump are intentionally destroying the relationship between Elon Musk and Doris Stoehr in order to gain financial advantages and to isolate Elon Musk through coercion, leave him lonely, and cut off contact with Doris Stoehr:

- **Shivon Zilis**, Neuralink Corp., 2200 Caldwell Lane, Del Valle, TX 78617, USA

I confirm that the content of this statement is the absolute truth. I am aware that I would be liable to prosecution in the event of a deliberate false statement. I further confirm that Elon Musk, Doris Stoehr, and Balazs Havasi fully corroborate my testimony.
